Safety Management Co., LLC

22 Cortlandt Street New York, NY 10007 Phone: 212-709-8600 Fax: 212-269-6054

## ABOUT THE JOB

We are seeking a highly skilled and motivated NYC Safety and Health Consultant with construction experience to join our team covering areas in Brooklyn, Queens, Manhattan and a portion of western Nassau County. You will play a critical role by facilitating our client in their development of effective safety and health programs. Your responsibilities will include conducting risk management surveys, providing safety and health training, performing site audits, formulating policies, developing training programs, and ensuring compliance with relevant safety standards. You will also be representing Lovell Safety Management and acting as a field liaison. Must reside in NYC, NJ or Nassau County areas.

## RESPONSIBILITIES:

- Facilitate the client in their development of effective safety and health programs.
- Prior construction site experience
- Conduct comprehensive risk management surveys to identify potential hazards and provide recommendations for mitigation.
- Review individual client's loss record and identify potential injury trends and subsequent preventative measures. Evaluate their safety commitment and potential risk to the Safety Group.
- Utilizing the latest industry best practices, develop and deliver engaging and informative safety and health training sessions to clients' employees, both in person and online.
- Perform site safety and health surveys and audits, identify compliance issues and recommend corrective actions.
- Collaborate with other team members to formulate customized safety and health policies that align with our clients' specific needs and industry standards.
- Timely respond to special requests of clients.
- Maintain in-depth knowledge of OSHA standards and other relevant safety and health regulations, ensuring clients' compliance.
- Utilize Lovell computer software and other tools specific to the safety and health field for data analysis, reporting, and documentation.
- Familiarize clients with Lovell's Safety and Health services, group management, claims and other available services. Work with the Lovell Claims and Underwriting departments to ensure proper client service.

**QUALIFICATION REQUIREMENTS:** To perform this job successfully, an individual must be able to perform each essential duty satisfactorily. The requirements listed below are representative of the knowledge, skill, and/or ability required. Reasonable accommodation may be made to enable individuals with disabilities to perform the essential functions.

- At least 5 years proven experience as a Safety and Health Consultant or in a related role, knowledge of worker's comp insurance system a plus.
- Experience in construction as well as occupational safety.
- Knowledge of business operations and administration
- Strong understanding of OSHA regulations and other applicable safety and health standards, risk management and assessment.
- Excellent communication and presentation skills.
- Proficiency in using computer software relevant to safety and health, including data analysis and reporting tools.
